The payment date shall be set by the Investment Manager and shall not exceed thirty (30) business days after the record date.

RESTRICTIONS ON INVESTMENT POLICY

The Investment Manager may not enter into any derivative transaction and/or foreign currency transaction for speculative purposes.

The Investment Manager will make investments in accordance with the VVM Wealth Management Limited investment policies and procedures as outlined in the Prospectus. The Investment Manager may invest no more than ten percent (10%) of the assets of any one Individual Fund in either (a) securities issued by any one company, or (b) securities that are not quoted or regularly traded, unless approved by the Board of Directors of VM Wealth Management Limited. This limitation does not apply to investments in securities of sovereign states.

RISKS

Investing in mutual funds may expose investors to risks which can cause the value and marketability of their investment to decline or to fluctuate. Such risks include liquidity risks, credit risk, default risk, currency risks; interest rate risks; changes in government policies; shifts in the economy; changes in applicable laws and regulations; and changes in the underlying securities which make up the portfolio of VM Wealth Funds securities. The small sizes and relative illiquidity of Caribbean stock markets, which are emerging markets and tend to be exposed to more risk and volatility than established markets, add to the risks of investment.
